

The background of the image is a dark, deep blue night sky. A brilliant, glowing yellow starburst or nebula is positioned in the upper center, radiating light across the frame. Numerous smaller, bright yellow stars of varying sizes are scattered throughout the sky, creating a sense of depth and celestial wonder. The overall color palette is dominated by the dark blues of the night and the warm yellows of the starlight.

Evangile de Jésus Christ selon St Luc (Lc2, 1-20)
